

Cross-tech innovation in Horizon Europe

Furio Gramatica¹

¹Director of Innovation, Fondazione don Gnocchi

The state of the art of the European ecosystem of technology-enabled healthcare will be described. A review of European Commission funded programmes in health technologies and the new public-private partnership under Horizon Europe “IHI - Innovative Healthcare Initiative” will be presented, together with the newborn HealthTech4EU Alliance, aimed at shaping EU funded programmes based on the expertise of seven European Technology Organisations (ETP Nanomedicine, Photonics21, ESB, EUMAT, ETP Textiles, EpoSS, DIH-HERO).
