

Fabiana Pandolfi obtained her Master's degree in Pharmaceutical Chemistry and Technology at the University of Rome "Sapienza" (Italy) in 2013. In the same University, she started her doctorate program at the Department of Drug Chemistry and Technology. She received her doctorate in Pharmaceutical Sciences in 2016 and after she has been worked as post-doctoral fellow at the Department of "Scienze di Base e Applicate per l'Ingegneria" for 4 years. Her research activity is focused on the design, synthesis and characterization of new molecules in the field of Pharmaceutical Chemistry and on the organic electrosynthesis. She is co-author of 32 publications in peer-reviewed journals.
