

Dr. Deepak Pant is a senior scientist at Flemish Institute for Technological Research (VITO), Belgium working on electrosynthesis and resource recovery, specifically, design and optimization of (bio)electrochemical systems for CO₂ conversion and microbial electrosynthesis. He has a PhD in environmental biotechnology and has 160 peer-reviewed publications (>12400 citations; h-Index 64), 6 books, 6 patents and 38 book chapters to his credit. His expertise lies in CO₂ conversion, sustainable chemistry, electrocatalysis, microbial fuel cells, bioenergy and bioeconomy. He is Editor of Bioresource Technology Reports and Editorial board member of Bioresource Technology, ACS Sustainable Chemistry & Engineering, iScience, Scientific Reports, Molecules, WJMB.
