

Marco Papagno received his Master in physics from the Università di Roma Tor Vergata (Italy) in 2002 and PhD in physics from the Università della Calabria (Italy) in 2005. He was a visiting PhD at the Ecole Polytechnique Fédérale de Lausanne (Switzerland) for two years and a post-doc at the Lawrence National Berkeley Lab (California-USA) since 2006. From 2007 to 2012 he was a post-doc at the VUV-photoemission beamline at Sincrotrone Trieste (Italy). In 2012 he joined the physics Department faculty at the University of Calabria (Italy) as a Researcher and since 2019 he is an Assistant Professor.
