

**Blanca Suarez-Merino** (DPhil Biochemistry, Oxford, UK) is a toxicologist by training with several years experience in projects regarding in vitro testing to be used in regulatory/safety and functionality assessment of Chemicals, Pharma and Cosmetics products, including nanomaterials. Currently she runs her expertise in Switzerland at TEMAS Solutions working towards the adaptation of current regulations to future regulatory demands. Dr Suarez-Merino is an expert at the Swiss Agency for Standardisation on Nanotechnologies and the main driver of a CEN effort on Standardisation of Safe-by-Design for nanomaterials. Dr Suarez-Merino was also an active player in the update of the Precautionary Matrix for nanomaterials run by the Swiss Federal office of Public Health and takes part in different EU H2020 projects on the development of tools for Nanosafety assessment and Governance.
