

ELISABETTA TOSCHI

Mechatronics and Motoristics Strategic Development

Elisabetta Toschi was born in Bologna and after graduating at scientific high school, she got a degree in Electronics Engineering, Automation and Controls specialization, at the University of Bologna.

She works in ART-ER since 1993, always mainly dealing with mechatronics. Since the beginning she worked in European Commission funded projects, covering several times the role of coordinator. Current projects in which she is involved are:

- EIT MANUFACTURING, EIT, Art-ER member
- KITT4SME: platform-enabled KITS of arTificial intelligence FOR an easy uptake by SMEs, H2020, Art-ER partner
- SbD4Nano: safe engineered nanomaterials (ENMs) and nano-enabled products, H2020, ARt-ER partner
- SmartAgriHubs: Connecting the dots in the agri-tech sector, H2020; Art-ER partner

Furthermore, starting from 2003 Elisabetta acted several times as evaluator and peer reviewer for the European Commission.
